TRANSPORTATION & LOGISTICS SPECIALIST

PROFESSIONAL SUMMARY

Transportation Dispatcher with 4+ years of experience reducing deadhead miles and maintaining zero ACE/ACI compliance violations across 1,200+ cross-border shipments annually. Skilled in Web TM, SAP, and LoadLink for route optimization, HOS compliance, and carrier coordination. MBA + Google Data Analytics certified with proven ability to improve OTD rates and cut days of inventory.

CORE COMPETENCIES

-
- | | |
|----------------------------------|--|
| • Dispatch & Route Scheduling | • Purchase Order Management |
| • Cross-Border Freight (ACE/ACI) | • Vendor & Carrier Coordination |
| • Inventory Replenishment | • KPI Reporting (OTIF, In-Stock Rate) |
| • Fleet & HOS Compliance (DVIR) | • TMS Platforms (Web TM, Koberone, E2open, C3, LoadLink) |
| • Data Analysis (Excel, Tableau) | • SAP / ERP Systems |

PROFESSIONAL EXPERIENCE

Transportation Dispatcher

May 2025 – Present

Brimich Logistics Inc.

Brantford, ON

- Coordinate daily dispatch operations for a multi-driver fleet, optimizing routes to maximize on-time performance and minimize deadhead miles.
- Manage cross-border freight documentation and compliance, including ACE/ACI manifests, ensuring zero compliance violations.
- Track and report key performance indicators (OTIF, on-time delivery, HOS compliance) to support continuous improvement initiatives.
- Liaise with carriers, vendors, and internal stakeholders to resolve scheduling conflicts and service exceptions in real time.
- Maintain accurate driver logs, DVIR records, and load documentation within the Web TM transportation management system.

Fleet Coordinator / Dispatcher

Feb 2025 – Apr 2025

Penske Logistics- (Protrans Personnel Services Inc)

Ayr, ON

- Dispatched and coordinated fleet assignments for a dedicated transportation account, balancing capacity against daily volume fluctuations.
- Partnered with customer and carrier representatives to confirm pickup/delivery windows and proactively communicate service updates.
- Monitored fleet compliance (HOS, DVIR) and escalated maintenance or safety issues to minimize service disruptions.
- Supported load planning and capacity forecasting in collaboration with the broader operations team.
- Assisted with payroll reconciliation, timecard validation, and incident reporting to support accurate workforce administration and fleet cost accountability

Shipping Coordinator

Nov 2022 – Jan 2025

- Managed US inbound freight scheduling, coordinating with carriers and warehouse teams to ensure on-time receipt of shipments.
- Processed shipping documentation and ensured accuracy of bills of lading, customs paperwork, and delivery confirmations.
- Built and maintained spreadsheet-based tracking tools in Excel to monitor shipment status and flag delays before they impacted customers.
- Collaborated cross-functionally with purchasing and inventory teams to align inbound freight timing with replenishment needs.
- Monitored shipment KPIs and carrier performance metrics, identifying patterns and escalating recurring service issues to management to drive continuous improvement in network reliability.

Account Executive

Jul 2018 – Sep 2020

ICICI Bank

Mumbai, India

- Managed a portfolio of corporate banking client accounts, handling onboarding, documentation, and ongoing relationship management.
- Analyzed client financial data to support credit assessments and risk-based decision-making.
- Coordinated with internal departments to process transactions accurately and within compliance timelines.
- Developed strong skills in data accuracy, vendor/client communication, and process documentation that transferred directly to logistics coordination.
- Consistently met monthly portfolio growth and client retention targets through proactive relationship management.
